

# TM27 TrimFast™

*Trim Masking Tape*

## The Perfect Choice for Auto Molding Protection

**AMERICAN**  
An Intertape Polymer Group™ Brand

**TM27 TrimFast™** is specifically designed for flush mount and inset molding around windshield, side light and back glass moldings. Perforated for easy cornering. Our PG Masking Tape adhesive assures clean removal from finished paint work without slivering, saving time and labor. Two plastic strips allow for easy handling and application.

TM27 TrimFast's rigid plastic edge and perforation makes masking windshield, side light and back glass moldings quick and easy.

### FEATURES

- ▲ Saves time, labor and the cost of removing and installing new molding.
- ▲ Works extremely well on flush mount windshield, side light and back glass moldings.
- ▲ Uses proven PG technology.
- ▲ Easy to apply and removes cleanly.
- ▲ Pre-folded edge allows ease of removal.
- ▲ No release-liner and perforation allows for faster installation.
- ▲ Two sizes in one – 9mm and 11mm
